## STEREO HEARTS

by Gym Class Heroes

artwork by Mrs. Ajayi

Like Howe was just another dusty record on the shelf,  
They blew us off and played us unlike anybody else  
If we asked 'em just to have our back, could they manage that?  
We've got potential, check it Howe, can they handle that?  
Furthermore, we apologize for those who were skipping class  
Cause the last kids that played us left us with a couple cracks  
We used to used to used to used to, now we're over that  
Charter Schools took over, now our school is ancient artifacts.

If we could only find a note to make you understand  
We sing the song and the image grabs you by the hands  
Keep our school inside your head, like your favorite tune  
And know our heart is a stereo that only plays for you

Our heart's a stereo  
It beats for you, so listen close  
Hear our thoughts in every note, Oh, oh!

Make Howe your radio  
Turn us up when you feel low  
This melody was meant for you  
Just sing along to our stereo

Oh oh oh oh To our stereo  
Oh oh oh oh So sing along to our stereo

# It's The END Of The World

As We

Know It...

R.E.M.

Left: 8th Grader,  
Zane Purtiebaugh  
rocking out on his  
Sousaphone.

Above: Full band  
marching down to  
the field.

Oh, it's the end of our school, as we  
know it,  
Oh, It's the end of our school, as we  
know it.

How can anyone expect us  
to feel fine?

We had a great year in the  
Hornet's nest.

Yeah, Come together with me  
Hornets!!

Sometimes, we feel like we have  
been stooped, duped and played.  
But, now, thanks to our student  
body, we are capable of  
making the grade.

Even though the year has come  
to a close, we still need to keep our  
heads high.

Symbolic to our lives in every way,  
T.C. Howe is the place to be.

Yeah, So get your paper, notebooks,  
pencils, protractors, rulers and get  
fundamentall!

Class is still in session, all, so pay  
attention to your instructor.

Your days are limited here in this  
place, so shape up.

Moving on to bigger and better  
things, our lives have now been  
changed forever.

It's the end of our school, as we  
know it.

It's the end of our school, as we  
know it.

We walk alone,  
Through these bare halls.  
We live to win another victory.  
We are the bold,  
Hornet fans,  
Who live to change the face of  
history, so just look out.  
It's the price we pay,  
The only easy day was yesterday.  
So hear our voice,  
We have a choice,  
It's time to hear it

We are one,  
Here we are,  
To show you  
We will stand together.  
Number one,  
Here we go,  
The chosen ones,  
Yeah, that's us.  
We are one,  
We will fight forever,  
'Cause we're not goin' anywhere.

Yeah, we are the  
brown and the gold  
We live to win another victory  
Our sacred school  
Shows who we are  
And tells the story of our  
memories.

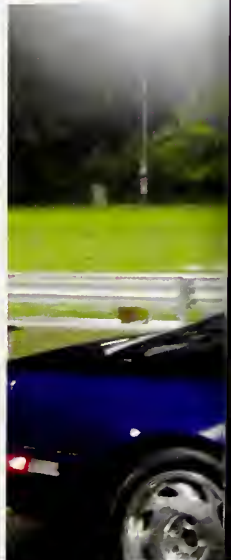

"The homecoming game was fun, not only because it was the first Howe football game I ever went to. It was super cold though, so that was the only part I didn't like about it. The best part of the night was when we blew out the Northwest Space Pioneers 48-12."

"I liked homecoming. It was fun seeing all of my friends there supporting our school. I showed my school spirit by painting myself with our school colors and cheering for the team."

"Homecoming was really fun but so cold! I liked walking in the parade during half time and supporting the Hornets throughout the entire game."

# BOYZ II Men

We belong together  
'Cause you know that we're tight!  
You know we build up our skills,  
You know we... build up our minds

We should last forever,  
and you know that we tried.  
How could they test us and tease us  
And now we... say Goodbye

But we can't say goodbye with this  
feeling inside,  
Howe each time we try I just  
break down and cry.  
State takin' Over, so much left unsaid  
Spinnin' around and around

Although we've come  
to the End. Of. The. Road.  
And our days at Howe are over,  
It'll be natural.  
You'll remember me,  
I'll remember You.  
Come. To the End of the Road.  
We just wont let Howe go.  
It'll be natural,  
You'll remember me ,  
I'll remember You.

## End Of The Road

*Jacob Farr said "My most memorable moment in high school was the senior football season, because we finally got it together. We finally won IPSAC. I am very honored to say I got to play on the football field on Friday nights with great teammates and a great coaching staff"*

# Successful

Aw yeah, Hornets, you know we feel ya  
 They keep starin' at these A's  
 like they're unfamiliar  
 We get it, we live it, to us there's nothing realer  
 Got the math to solve your problems,  
 knowledge just to thrill ya  
 And when we leave  
 we always come right back here  
 The young Hornets that everybodys GPA fears  
 A lot of ya'll are still blinkin' from last year  
 The schools gonna change  
 but were glad we were Right Here  
 Nickels for our thoughts, freshmen turnin' red  
 A quarter of the students  
 wonder what we just said  
 Take our grades too serious, better go study  
 Were the ones who take a mental picture, 3D  
 Yeah, we want it all, that's why we strive for it  
 Diss us, you'll never hear a reply for it  
 Any award show or party, we get fly for it  
 We know Graduation is coming,  
 we just hope ya'll arrive for it

We want the  
 knowledge,  
 Knowledge  
 and the skills  
 Skills and the  
 grades, the A's,  
 and the praise  
 We just wanna be,  
 We just wanna be

 We just wanna be,

You went to school to learn child  
Things you never, never knew before  
Like Algebra, Rhythm and Chemistry  
And why there's no time for recess anymore  
Now, now, now  
Howe's gonna teach you  
Teach you, teach you  
All about life child  
All about responsibility  
Sit yourself down, take a seat  
All you gotta do is repeat after me

It's easy as, 1 2 3

As simple as, do re mi

A B C, 1 2 3

Hornets, you and me yeah

Reading, writing, arithmetic  
Are some real important things  
But without the roots of dedication child  
Your education ain't complete

Tea-Tea-Teacher's gonna show you

LOOK AT THESE PHOTOGRAPHS,  
EVERY TIME WE DO,  
THEY MAKE US LAUGH.  
HOW DID OUR LIVES FLY SO FAST?  
WE WERE ALWAYS ON OUR WAY TO CLASS.

AND THIS IS WHERE WE GREW UP  
WE KNOW THE TEST SCORES HAD US  
ALL MIXED UP  
WE NEVER EVEN HAD A HINT OF DOUBT  
JUST CAN'T BELIEVE THEY'RE  
'BOUT TO LET US OUT

THIS IS WHERE WE WENT TO SCHOOL.  
SPENT MOST OF OUR TIME JUST  
TRYIN' TO BE COOL.  
ONCE OUR NAMES ARE CALLED TO  
CROSS THAT STAGE,  
IT'S TIME TO TURN A DIFFERENT PAGE

FINALLY GRADUATION DAY,  
WE JUST CAN'T WAIT TO GET  
OUT OF THIS PLACE.  
LIFE'S BETTER NOW THAN AS FRESHMEN  
'CAUSE WE FINALLY GOT OUR SECOND WIN

EVERY MEMORY OF LOOKING  
AT THE FRONT DOOR  
WE HAVE A PHOTO ALBUM

# NEVER TOO FAR AWAY

Were Hornets 'til the bitter end  
What we had transcends this experience  
Too painful to talk about  
So we'll hold it in 'til our hearts can mend  
and be brave enough to trust again

---  
A place in time still belongs to us  
Stays preserved in our minds  
In the memories, there is solace

Oh, never too far away  
We won't let time erase one bit of yesterday  
'Cause we've learned that nobody can take our place  
Though we may leave, HORNETS we'll always be

---  
When we remember  
The very best times, Friday night lights  
Still preserved in our minds  
In the memories, we'll find solace  
Howe, never too far away  
We won't let time erase one bit of yesterday  
And we've learned that nobody can take our place  
Though we may leave, HORNETS we'll always be  
Always remember..... Howe, you're never too far

# TEACH ME

## How to Dougie

*\*Beats start playing\**

Teach me how to study. Ta, Teach me How to study.  
Teach me how to study. Ta, Teach me How to study.  
All the teachers love me. Aw, All the Teachers love me.  
You ain't messing with my study

I go to Howe, For y'all kids who don't know me.  
I know I'm just a freshmen, but I can teach you how to study.  
I walk up in the class, and all the students bug me.  
They're getting grades but not the grades like me.  
I hear the counselors yelling like....Hey ! Get it smarty.  
I was taking notes so I took a little more.  
They like how you do that. How you get that high score ?  
When I stop, My parents tell me study some more,  
And when I don't understand I pass it to my bro.  
Big Bro show please, me how you do that.  
Can you say it again, you went a little to fast.  
Then I bring it to the school, Got everybody asking

Teach me how to study. Ta, Teach me How to study.  
Teach me how to study. Ta, Teach me How to study.  
All the teachers love me. Aw, All the Teachers love me.  
You ain't messing with my study.

8th  
Grade

Mrs. Manson, one of our teachers, is very helpful all around the school throughout the day. Here, in Mrs. Smith's 10th period, 8th Grade Social Studies class, Mrs. Manson finds herself the most active!

Look at Amber Ziko!  
She was working hard in Mr. Findley's Language Arts class

Concentration is the key! Working hard is the best way to succeed. Look at Miss Wagner's 10th period AVID students, Nick Dean-Helfin, KellyQ Poston, Earl Alexander, and Markesia Bradley working diligently on their final projects.

You're wrong if you think that I'll be just like you

You thought you were there to guide me  
You know I'm on my way  
You're wrong if you think that I'll be just like you

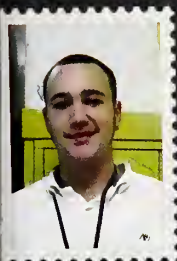

I could be bold  
I could be shameless  
You know I could be just like you

You thought you were standing beside me  
You know I'm on my way  
You're wrong if you think that I'll be just like you

*7th Grade  
class  
showing off  
their school  
spirit at the  
homecoming  
pep rally in  
the Gym!*

Going through 7th grade is a challenging life experience. Last year, they were the oldest kids in their school. When they came here, they found themselves the youngest, and most of them... the smallest in this very large, and very different school. Despite this challenge, we see these students working extra hard academically, and fitting in rather well!

# HARD KNOCK LITTLE

For Us!

Robert Smith

It's the hard knock life (uh-huh) for us  
It's the hard knock life, for us!!  
Steady treated, we get tricked  
7th graders, we get don't get picked  
It's the hard knock life!!

From recess on the playground hopscotchin'  
to takin some of the hardest tests a kid has ever seen  
To workin some of the hardest problems a kid has ever heard  
From the 6th grade, on to a new age  
fleein the kiddy scene, you know us well  
from biggest kid to the smallest now, oh well  
But since when y'all ever know us to fail? Oh naw  
Where all my kids from back in elementary, my big shots  
And if you're with us, get ready to study, and what-not  
We're from the school of the hard knocks, we must not  
let the haters take away our shot, and our plot  
let's build up the school and split it fifty/fifty, uh-huh  
Let's take success and stay real jiggy, uh-huh  
And ace our Tests and, make 'em dizzy-dizzy  
Flow infinitely like the memory of Biggie-Biggie, baby!  
You know it's hype when we come through  
The life and times of the 7th graders  
Howe Volume 2, y'all Hornets get ready

It's the hard knock life (uh-huh) for us  
It's the hard knock life, for us!!  
Steady treated, we get tricked  
7th graders, we get don't get picked  
It's the hard knock life!!

# Simply THE BEST

You see me in the hallway, you're eyeballs stop

You come to me, come to me happy and stop

When you come to me

I say hi everybody

Earn a lifetime of promises, if I follow my dreams

Speak the language of school like you know what it means.

I'm always myself.

Take my advice and be yourself everybody.

We're simply the best, better than all the rest

Better than anyone, anyone you've ever met

# A KID AGAIN

Let the kids sing...

Back in the days when I was young, I'm not a kid anymore  
But some days I sit and wish I was a kid again  
Back in the days when I was young, I'm not a kid any more  
But some days I sit and wish I was a kid again

Thinking back when things were so easy  
Got us laughin' out loud, for no reason  
Used to take them cans back, buy our bread with the nickels  
Memories of holes in our jeans always makes us giggle  
The whole week saved them pennies for the candy store  
A hundred pieces for a dollar, but always wanted more  
And as of lately, things have been slow  
So we reminisce on watchin' old black and white shows  
Yeah, we used to make fun with just a hand full of rocks  
The phones in our houses looked just like the wall clocks  
Just consider this song a throwback  
Cause all I wanna do is go back  
Ya'll sing it with me

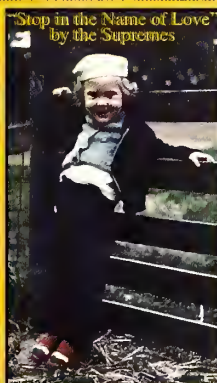

Back in the days when I was young, I'm not a kid anymore  
But some days I sit and wish I was a kid again  
Back in the days when I was young, I'm not a kid any more

## HEART TO HEART, WE'RE HOWE SOLDIERS

# Like **TOY SOLDIERS** by: Eminem

**Step by Step, Heart to Heart, Left Right Left**

**We all march on, We're Howe Soldiers**

**Piece by Piece, One for All, were All for One**

**But the battle wages on, for Howe Soldiers.**

I'm supposed to be the Soldier, who never blows his composure  
Even though I hold the weight of the whole school on my shoulders  
I am never supposed to show it, My peers ain't supposed to know it  
Even if it means goin' toe to toe with a GQE, No it, Don't matter  
I'd never neglect a challenge I feel that I can handle, Ever  
I absolutely have to, I'm supposed to set an Example  
Howe Soldiers are some leaders, our school looks for us to guide 'em.  
When the going gets tough, Howe, were right beside you 'cause

**Step by Step, Heart to Heart, Left Right Left**

# THE LAST SONG

by RIHANNA

Music is the art or science of combining vocal or instrumental sounds to produce beauty of forms, harmony, and expression of emotion. A choir is a family of similar voices or musical instruments playing or blending together.

Our T. C. Howe choir is exactly what these definitions state.

We are a blended family!

When thinking of our choir, 5 words come to mind: Family, Gifted, Blended, Music, and Emotion.

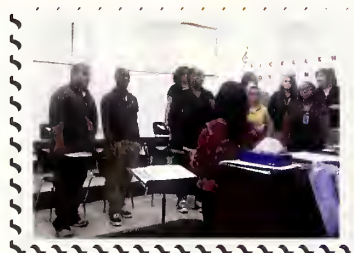

Over the years, we grew close, made unbreakable friendships, and strengthened our bonds.

One choir member, Lexy Ceballos said, "Our Show Choir is unique and you'll never meet anyone else like us."

Another member of Show Choir, Tracie Reed said, "Our class is fun, exciting, and hard work but it is worth it! We also have the best teacher."

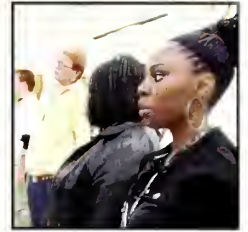

Mrs. Benson is a hard working, dedicated, talented, and amazing choir teacher. She never gave up on us!

**We are a Blended Family**

# A SONG WE'LL NEVER FORGET

as the choir practices  
together.

Q:

What is the  
best part  
about choir?

A:

"Singing the songs  
and my favorite  
song;  
"Always  
Believe."

I thought I told ya, I'm a star  
You see my art, hanging on the wall.  
People ask, where'd you learn how to draw?  
Drawing like there's no tomorrow

I've got pencils, I don't need erasers.  
I'm an artist, I don't need those haters.

Big audience this way  
'cause I draw so many things  
Now that I got the paper,

Imma see what my ability brings

Imma keep my aim, gotta get into these colleges  
With my latest ideas, A P is gonna get me scholarships  
Got a crazy skill, universitys already callin' in  
Even haters keep tryin' to be my friend

Just before the talent, I've got schemes and plans  
Teachers only want me to supply on demand  
So here I am, check my DNA

# THE SPACE BETWEEN

by Dave Matthews Band

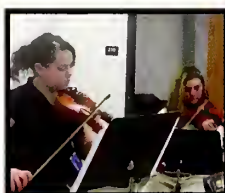

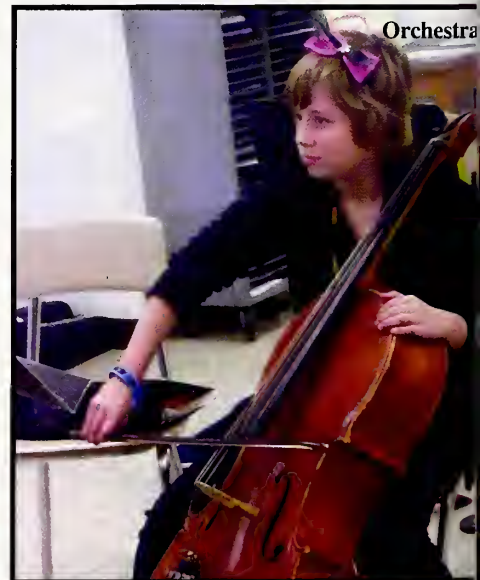

## AP Studio Art

We cannot quit you so quickly  
Is no spot in your memory  
No way we're gonna leave  
'Cause we've got all the time for you, Howe

The space between, the strings we strum  
Is the music keeps us coming back for more  
The space between, the wicked art we draw  
And hope to keep safe from the rain

These simple, high school days pass quickly  
Like, where is Yesterday?  
Paint for hours with coffee, Coffee  
These history times we're making

3D Art

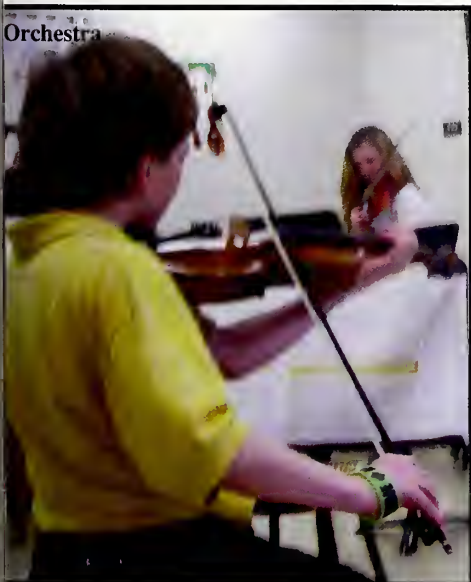

Marching Band

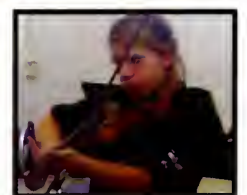

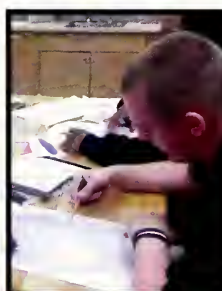

We're blended family with stereo hearts  
 What a musical beast are we  
 The space between, the violins we play  
 And drums that keep bringin' us fame

The paint that falls, splash in your heart  
 Ran like rain down the window to our school  
 The space between, our school and lives  
 Is where we hope to keep, music to play

The space between what's wrong and right  
 Is where you'll find us drawing, painting for you  
 The space between our drums and time  
 Is the space we hope you find

# Till I Collapse

by Eminem, Nate Dogg

'Cause sometimes you just feel tired, Feel weak, and when you feel weak,  
you feel like you wanna just give up.  
But you gotta search within you, you gotta find that Inner Strength  
And just pull that mess out of you and get that motivation to not give up  
And not be a quitter, No matter how bad you wanna just fall flat on your face and  
collapse.

Till the roof comes off, till the lights go out  
Till my leg gives out, we have no doubt.  
Till the crowd clears out, you know we won't burn out  
We're gon' rep this school 'till our bones collapse

We are the fortunate ones,  
And girls,  
They wanna have fu-un.  
Oh, girls,  
Just wanna have fun.

There's two games, on a Tuesday night,  
Our boyfriends say,  
"When you gonna give us your time?"  
Oh, boy-please,  
You know you're still number one,  
But girls,  
They wanna have fu-un,  
Oh, girls, just wanna have

Yeah yeah yeah yeah yeah  
Yeah yeah yeah yeah yeah

I think I did it again  
Caught you lookin rough, yeah you and your friends  
Oh dang. It might seem like a bust  
But it doesn't mean I'm serious  
'Cause to catch you off guard  
That is just so typically me  
Oh Hornets, baby

Oops! I did it again  
Caught you actin up, caught stuffin your face  
Oh baby, baby  
Oops! You think I'll forget,  
Delete the film or Reset,  
I'm not that innocent

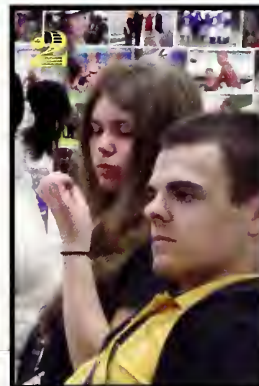

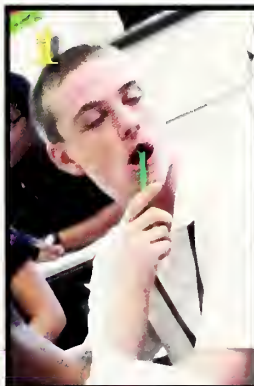

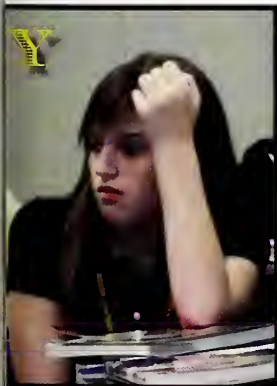

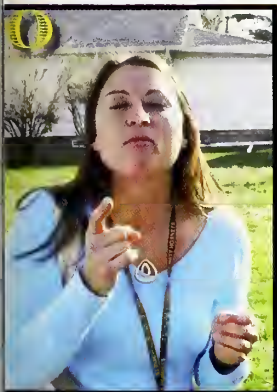

You see my problem is this  
I'm dreaming away

You're on my Yearbook wish list

I try, watching the days  
Can't you see, I'm a fool in so many ways  
So to catch you off guard,  
That is just so typically me  
Baby, oh

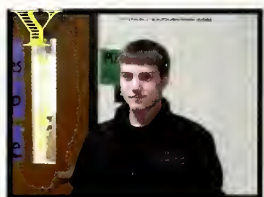

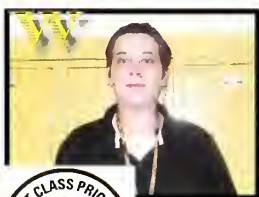

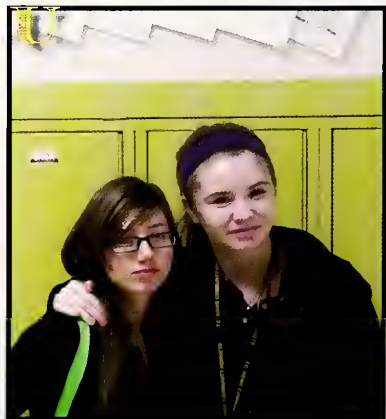

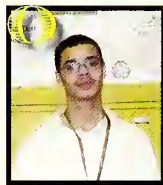

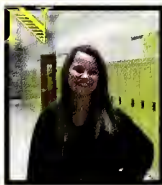

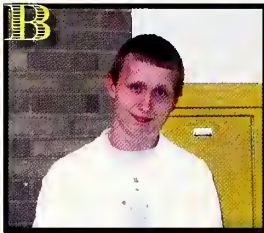

Oops! I did it again  
caught you out of place, got lost in the game

Oh Hornets, baby  
Oops! You think I'll forget,  
Delete the film or reset,  
I'm not that innocent

I knew this kid named Anthony, Funny style cat  
And his sister looked like a queen, but she was rugged, never prom queen  
High school track, He made the team  
Spent years with his peers 'til senior year, it was a dream  
Now Anthony was your average A student  
Participated in class, Never came late, And never truant  
His family wasn't picture perfect, his older sister was knocked up  
His dad, a decorated gangster, kept gettin' locked up  
His mother was an addict, and was hardly ever home  
“Lil Ant” always took care of his younger brothers on his own  
But Anthony had a dream he held captive in his head  
Instead of letting it out, He took care of everybody else instead  
He knew someday he'd be free, So he kept up his best behavior  
He thought if he worked hard enough, maybe his mom would get a waiver  
She thought nothing of it, overdosed, and passed out in the closet  
That was the day the word dripped out like leaky faucet  
Anthony was being neglected, He didn't have nothing against it  
But the state, the counselors, and all his school teachers did  
They started to pick and nag, They began to brag, and wonder how he did it  
They couldn't wait to get him into a home, so he could have a winning ticket  
His whole family was scared, They were gonna split 'em up  
Anthony tried to keep 'em together, But their house got boarded up  
Anthony felt like a failure, He just chained himself to his books,  
and whenever he walked the halls, He ignored all the funny looks  
At night he would cry and cry and ask “God why?”  
Like “God, why does my family have to be this way?”  
God would reply, “Son, you've gotta show 'em you're a star everyday.”  
Cause he had dreams to be a superstar,  
until that warm April night, His mama's addiction went way too far  
Anthony held on to his ambition, And knew he could make it right  
Cause he had those straight A's, and he prayed to God every night  
To college he was accepted, Absolutely unexpected  
Except it was always his direction, Education was his protection  
It was a plan Anthony had scammed to get him in the right place,  
Excelling in his grades to win this wild race  
The plan would go swiftly, success was adding up quickly  
One “A” turned into fifty, he studied till he was dizzy  
Now Anthony awaited college, while his peers looked on to cheer  
He took his last test, Anthony aced his senior year  
Needless to say  
It was no longer a tragedy  
And how was Anthony gonna overcome his family,  
While they were on “vacation” taking in “sights”  
He overcame it, and graduated with the highest.

Don't be a slave and behave the way they do,  
Just utilize the gifts that God gave you [x4]

# Net Literacy

has donated over 12,000 computers to schools and nonprofits.

Net Literacy programs increase student success while volunteers acquire job skills and life skills through service learning. Howe Net Literacy students Dexter Rogers, Nicholas Hernandez, Xavier Crabtree, Scott Patrick, William Cochran, and Michelle Delafuente along with Janet Milenbaugh (Net Literacy sponsor), and Carl Watkins (Assisting sponsor), worked diligently for seven hours to accomplish this enormous community service project. The students were able to set up two local area networks and Fog image (Fog is a free open-source imaging/cloning solution) approximately ten computers at one time at a very high speed. More information to come on where these computers will be placed in the Howe Community. Participating Net literacy members not pictured to the right are Tony Snyder, Aleyda Flores, Maria Maldonado, Taylor Jones, Janelle Gilbert, and Jasmine Thompkins.

WORKIN'

By Dolly Parton

Gerome Whitson  
McDonald's

Just leavin' school  
And I'm on a new mission  
Checkin' myself and my ambition  
And push and rush  
just to... try to be on time  
Jump in the car  
And my blood starts pumpin'  
Out on the street  
The traffic starts jumpin'  
People like me, on the job from 5 to 9

Workin'... 5 to 9,  
What a way to start my livin'  
Yes I'm... gettin' by  
They all wonder what I'm gettin'  
Just gotta... use my mind  
And keep tryin to get my credits  
It's enough to drive... me crazy if I let it

5 to 9... for service and devotion  
Yon would... think that I  
Would get a huge promotion  
Want to... move ahead  
And the world is waitin' on me  
I can't wait 'cause my... graduation is upon me

Yon know... I have dreams  
Not about to watch 'em shatter  
Just a... few more steps  
On this successful ladder  
'Cause I've... got big dreams  
No one can take away  
I'm in... the same boat  
With a lotta my friends  
Waitin'... for the day my ship'll come in  
'N' the... tide's gonna turn  
And it's all gonna roll my way

Workin'... 5 to 9, Workin'... 5 to 9

# ARISE

Tell the Times,  
We have made it out alive  
Read the notes on the pages of this book.  
We fight each time,  
We'll sleep dreamlessly tonight  
When we awake we'll know that every thing's alright

We'll sing to them, about the end of the world  
End of their doubts and mockery of us  
The smile on our face, and our ever rising grades  
Graduation pursued, and there... We Rise

Hold on... to the school we all remember fighting for,  
There's still strength left in us yet  
Hold on... to the school we all remember striving for,  
There's still hope left in it yet

We'll sing to them, about the end of the world  
End of their doubts and mockery of us  
We'll fight the Times, and in the morning we are new  
Stand in the sun, they will watch us rise

Hold on to the school we all remember fighting for,  
There's still strength left in us yet  
Hold on to the school we all remember striving for,  
There's still hope left in it yet

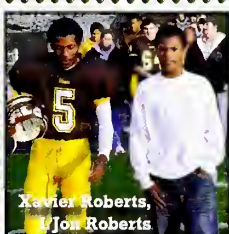

Arise and be,  
All that you dreamed, all that you dreamed  
Arise and be,  
All that you dreamed, all that you dreamed  
(Hold on to the school we all remember fighting for)
